EMGUIDANCE SCRIPT

PATIENT ACCESS - HOW TO
VIEW & SEND YOUR SCRIPT

Good news, your doctor is using EMGuidance Script. This legally compliant and intelligent script simplifies the scripting of medicine while decreases errors, making your scripts safer and more convenient.

1. Get your script link

Your doctor will send you a link to your script via sms or email. You can view your script by entering your **Date of birth** as your password.

Dr. John Doe has sent you a digital script. You can view your script by clicking this link: http://website.emguidance.com / view

### 2. Send your script to the pharmacy by:

★ *Recommended*

- **Choosing your nearest pharmacy**

  Activate location services on your device and select the closest pharmacy to you from the drop-down list. All the pharmacies listed here are integrated with EMGuidance Script and will make dispensing of your prescription safe and hassle free.

- **Manually send to pharmacy**

  You can manually send your script to your pharmacy's dispensary email address.

For any queries, please contact script@emguidance.com

Email to pharmacy
Please enter the pharmacy email to send the script.
